

Gift Yourself a Complete

Home Renovation in Time for Christmas!

In-the-know Perth residents have secretly become part of an exclusive 'home renovation club'—a group of lucky

homeowners that, in a matter of weeks, have had their lifestyles changed forever along with increased wealth equity in their homes. We thought it was time to unwrap the story behind one of WA's best kept property secrets.

While WA has been gripped by a housing slump, Perth's #1 Fastest Renovation company has been transforming homes from the mundane to magnificent in a matter of weeks while adding enormous value to their clients' homes.

As we fast approach the festive season, many furniture stores brag that "We can deliver a new sofa, bed or dining table in time for Christmas". Well how about having your entire home remodelled by Christmas instead!

This is exactly what one of Australia's fastest growing companies can do for you. Hard to believe? Perhaps. Unless you dig a little deeper and discover the evidence of what *Million Dollar Makeovers*, Perth's multi-award winning renovation and interior design business delivers. "Your Entire Home Renovated in Time for Christmas" is no small claim, but their legions of ecstatic clients testify to just

how amazing the *Million Dollar Makeovers* team are.

The proof is in the renovation and design company's unprecedented breakthrough format that has sent shockwaves through the local building industry—by shrinking renovating times down to weeks, not the usual months or even years that's the industry standard

You'll understand then, that it's no surprise that founder and CEO of *Million Dollar Makeovers*, Sasha deBretton has been scooping up business awards by the armful during the last two years and she recently won the prestigious Nokia Innovation Award at the Telstra WA Business Women's Awards. Sasha's winning formula has not only been

great for business but her clients win big time too. They become raving fans long before they are handed their keys back, because there is no denying that they are seeing equity value in their homes rise beyond their wildest dreams as well as living their dream.

Sasha says, "In this difficult property market *Million Dollar Makeovers* is reversing the market trend by adding huge value to homes. No other builder or renovation company can reward you significantly in weeks with both a beautiful new lifestyle and added value to your home investment. We pride ourselves on our five star service."

Take one South Perth property renovated from top to bottom in 4 weeks—rise in value \$2 Million! Or how about Waterman—rise in value \$1.325 Million, or North Beach—rise in value \$1.1 Million. Is it any wonder homeowners are scrambling to

be next in line for some *Million Dollar Makeovers* gratification?

You have read about it here first, but be warned, with their potent skills to create dreams in record times, you should act fast, if you want to beat the crowds to be next for a Million Dollar Makeover.

As Sasha deBretton points out "Why wait months or even years to transform your entire home. Gift yourself a new lifestyle now ... and be in your remodelled home in time for Christmas."

To find out more about Million Dollar Makeovers, their gorgeous design styles and how they can make your home renovation dreams come true: Call 9384 7447 or visit their showroom at 1A/211 Stirling Hwy, Claremont.
